Furthermore, the partnership also provides working students a chance to earn their degree through BSU virtual classrooms. Through this facility the students can create a perfect balance between their work and educational life. There are two types of educational institutes that have partnered with BSU in order to make education more accessible to their students.

Through the partnership, the affiliated institutes are able to offer more certificates and degree programs to their students that are available at their campus. This provides their student's valuable learning that they can inculcate in their professional lives.

Role of our Affiliated Universities and Institutes
